12) Student Performance and Academic Probation and Dismissal Policies

Instructor gives students a test at the end of every week. This exam includes all material covered in that week. After grading exam, Instructor generates a progress report for each student. Instructor reviews these reports individually with each student. Instructor makes recommendations to the student for the following week.

The Chief Academic Officer may place a student on academic probation if the student is not making satisfactory academic progress as per this institution's published policy. The student's grade point average will be monitored at the end of each enrollment period as the grades are posted. Should the student's GPA fall below that required for graduation, a student may be placed on academic probation. This will result in a formal advisory, which will be sent to the student by mail, explaining the reason for the probation. After the completion of the currently enrolled term, the student will have two additional terms to bring his or her grade point average up to or exceeding the minimum standard of the institution. Thereafter, the student's failure to achieve satisfactory academic progress may result in dismissal from the program. The Chief Academic Officer will offer assistance in locating a suitable tutor, should such service be requested by the student. Any student seeking a tutor is financially responsible for the cost of all such tutoring.

13) Attendance Policy – All Programs

This institution requires that a student attend a minimum of 80% of scheduled class, laboratory and other such assigned hours. Students are expected to attend all classes as scheduled. All efforts should be made to not miss any class. In the event a student is absent due to illness or any other reason, he or she must notify the school in advance whenever possible. All absences must be approved by the Registrar and or Student's Instructor.

Students who arrive to class 5 minutes late are considered to be tardy. Students who also leave class 5 minutes before the end of class are also considered to be tardy.

A student being tardy 3 times is the equivalent of one absence. Students who miss a significant portion of any course within a program will be expelled from the program.

Nurse Assistant

All students must complete all required theory and clinical hours to graduate. Whenever possible the Registrar and or Instructor must approve all absences in advance. Approval for all absences is at the Registrar and or Instructor's discretion. In order to meet the criteria for attendance and the specific course objectives, students must arrange make up time of missed hours with the Registrar and or Instructor for all instructor approved absences.

Make up theory hours can include case studies, independent study, written examination, attendance at seminars or workshops, auto tutorial laboratory and research reports. Make up clinical hours can include performance evaluation(s) in skills laboratory or additional time in the clinical area with clients.

If a student repeatedly resorts to the use of a leave of absence, and if such applications show a pattern of delays, or should the issuance of a leave of absence be such that it would significantly interfere with the planned completion of a program of study, the Chief Academic Officer may, in his/her sole discretion, dismiss a student from the program and issue the appropriate refunds as may be required.
